Letter of Reference – Bathurst Street Watermain, York Region

Dear Pat,

I just wanted to express how pleased we were with respect to the professionalism, support and efficiency you and your team at Pacific International Grout (P.I.G) provided to us on our Bathurst Street Watermain project!

After we successfully completed the tunnelling, and installed the watermain in tunnel; PIG mobilized all equipment to our jobsite. PIG setup the cellular grout equipment and grouted our 1050mm CPP Watermain, that was installed within our 3m diameter tunnel, in three lifts. The grouting went very smoothly, and was completed successfully, within the time frame allocated.

Thank you very much for the support and well executed plan! Look forward to working with you and PIG again on future projects.

Best Regards,

A handwritten signature in blue ink, appearing to read 'Walter R. Trisi', with a long horizontal flourish extending to the right.

Walter R. TRISI,
Vice President / General Manager
CRS Tunnelling Inc.
